MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Structure and Development

The Textile Industry in India accounts for 10% of the manufacturing production leading to 2% of the GDP of the Country which is one of the significant contributors to the Indian economy. Textiles sector is one of the largest contributors to India's exports with approximately 15 percent of total exports. During the year 2017-18, the Cotton Textile Industry has been under stress because of market trends. After witnessing challenges during the year 2016-2017 and given unfavorable economic conditions, the Indian textile industry has seen a considerable . The steep decline in exports of cotton yarn to China has created over supply and price decline in the domestic market.

With domestic and global economic conditions gradually improving along with the focused efforts made by Ministry of Textiles, Indian textiles and garments sector is set for growth, buoyed by revival in domestic consumption and export demand.

Bhalchandram Clothing Limited is mainly engaged in the export trading of cotton yarn in all coarser and fine counts, where the Company has strong presence and leadership. The Company enjoys the excellent relationship with its overseas customers, which has been built over the years by strictly adhering to delivery schedules maintaining consistent quality and providing prompt after sales service.

Opportunities and Threats

The future of Indian Cotton Textile Industry is highly depending on availability of raw material at a competitive price. With the introduction of Hybrids and BT Cotton, the cotton production in India is increasing every year. The government is making efforts to supply proper quality seeds at a reasonable price to the growers and it is expected that the supply of quality cotton will be comfortable.

In the past, the Textile Industry did not develop in an organized manner and the policy favored fragmentation resulting in organized players suffering heavily because of the distorted fiscal structure. Fortunately, in the last few years, the Government has now provided level playing field to all the sectors of textile industry and therefore, large investments are coming in the textile industry. Government had given good incentives under Technology Upgradation Fund Scheme and also benefits to the processing sector, which will give boost to the textile industry.

Outlook

The long term objective of the Company is to remain strong player in the cotton textiles export market with strong emphasis on product and market development, value added yarns, customer services and

Technology Up gradation. Your Company is also continuously improving its operational efficiency, and cost control which alone can improve the bottom line in future in highly competitive environment. Further, your Company is hopeful to get advantage of the overall good times likely to come for the Indian Cotton Textile Industry and will do all out efforts to secure the bigger share of the increasing market in future.

A stable outlook on cotton and synthetic textiles would result from favorable policy environment, improvements in demand-supply position, continued stability in input costs and consequent improvement in margins/liquidity. It is unlikely that the sector's outlook will turn positive until fundamental issues such as power shortage, lack of technology and modern machinery and demand slowdown are resolved. However, foreign direct investment in retail is an opportunity that would unleash demand in the long run and offset any slowdown in exports.

By encashing the rich experience gained by the Company in the Cotton Textile sector, the company has plans to increase its efforts of marketing and to open up foreign offices in order to better serve its customers. The emphasis will also be on more exports of value added items such as dyed yarns, speciality yarns and grey and dyed fabrics.

Annexure II

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the financial statements of **BHALCHANDRAM CLOTHING LIMITED** ("the Company") as on and for the year ended 31st March 2018, we have audited the internal financial controls over financial reporting (IFCoFR) of the company as on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the criteria being specified by the management. These responsibilities includes design, implementation and maintenance of adequate internal financial controls, that were operating effectively, for ensuring orderly and efficient conduct of the company's business including adherence to company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, and timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that:

Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

BHALCHANDRAM CLOTHING LIMITED

Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company; and

Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the criteria being specified by management.
